

# Accelerated English Courses

**World College Australia can teach 10 weeks of English learning over an 8 week period in our accelerated English programs, while saving you \$1482AUD!**

## **Option one: Live with an English teacher**

Teachers encourage, teach and push the students well beyond regular class time and help create a culture of English.

## **Option two: English Immersion**

In addition to small specialised classes there is a daily immersion program to extend students and get them using English in the real world. It is great for their confidence and their speaking and listening skills will improve rapidly.

## **Option three: English Immersion and travel:**

As above but we take students travelling around Australia with their teacher in a mobile classroom creating a wonderfully stimulating learning environment and enormous opportunities for students to grow leadership and self confidence.

## **Outcomes:**

We can take groups of students from beginner English to Advanced in 40 weeks of tuition. From an IELTS 0-2 to an IELTS 5.5-6. Individual results will vary but this is what you can expect. Students are required to actively participate in all parts of the course

## **Accredited Programs and Special needs:**

We can also run English for special purpose programs as well as design programs to meet university standards for accrediting units for your own university students. We can also combine English learning with a wide range of other subject areas. Please ask us for further details relating to your own needs.
